

Banner 8 Student Webex Overview

August 3, 2009
8:30 – 11:30 am MDT

Attendees: Registrar and Student Support Staff

Topics: This presentation will provide an overview of enhancements to the Banner Student System available in version 8.x. Some of the new features are straightforward, but others will require “deep dives” in order to explore their functionality and usefulness at each particular institution. This overview will cover the following topics:

8:30 am	Connect to Webex, Introduction to Banner 8 Enhancements
8:45 am	Customizable Registration Error Messages – Use Banner’s new error messages or create custom messages for your institution
9:00 am	Concurrent Curriculum Phase V – A review of new curricular elements available for several INB forms and processes
9:30 am	Waitlist Automation Functionality – A view of forms and processes
9:45 am	Manual Roll of Curricula to Create Outcome (Degree or Non-Degree) Records
10:00 am	Athletic Eligibility Tracking
10:15 am	Mass Entry/Update Forms for Admission, Learner, Registration, Athletics, and Outcome Records – A flexible and intuitive way to update records in mass
10:45 am	Catalog Extract and Load for Transfer Articulation
11:00 am	Automated Incomplete Grade Processing
11:15	Online Graduation Application - Setup and Display
